TREE LIMBS IN THE POWER LINES?

If you have tree limbs that are getting close to power lines, please contact the Ephraim City offices at 283-4631 or one of the City Power crew. They will be out to cut them before the snow flies.

This will help keep our electricity on and minimize outages. Also notify us if your street light is out.

WATER RIGHTS PURCHASED FOR EPHRAIM CITY

The additional water should provide for roughly 350 new residential units in our City.

For the last year, Ephraim City has been working to secure additional water rights in an effort to have added water to our City water system.

The State Engineer has approved the change application allowing the City to use the water rights as culinary water and the transaction should close this

week. The additional water should provide for roughly 350 new residential units in our City.

Now that we have the water rights, we will be seeking another source for the water, preferably a well close to the new water tank built last year, so the water can flow through the City's hydro-electric plant and con-

tribute to our electric generation, as well as provide needed water for future growth.

FLAG FOOTBALL

Signups are going on right now. Boys and girls in grades K-5 can play. Signup online at ephraimcity.org. The deadline is September 4. After that you can sign

up with a \$10 late fee until September 9th.

WOMEN'S VOLLEYBALL

Signups will be held Sept. 3rd through the 20th. There will be no late signups. 6-10 players per team; the cost is \$275/team.

If you would like to play but can't find a team, singles can be placed on a team. Call Phil Murray with questions. 435-851-3954.
